

AN UNUTTERABLY INSPIRING SCENE

Admiral Dewey. Now at Tompkinsville.

THE OLYMPIA DROPS ANCHOR AHEAD OF SQUADRON.

Progress to the Lower Bay Continues With Ovation—Great Demonstration From Throongs of People On the Shores of Staten and Long Islands—Famous Ocean Fighter Had Scarcely Stopped When the Entire Fleet Fired the Admiral's Salute—Jackies On Sampson's Ships Give a Vociferous Welcome.

New York, Sept. 27.—[Special].—The North Atlantic squadron has a new commander this morning.

Admiral Dewey with his flag ship came to Tompkinsville, and the Olympia dropped anchor ahead of the powerful squadron lying there.

The Olympia's progress from the lower bay to her new anchorage continues with ovations. Whistles were blown and flags without number were dropped.

Hundreds of people on the shore of Staten and Long Island were waving flags, and scarcely had the Olympia come to a rest, when the entire fleet fired the admiral's salute of seventeen guns.

For twenty minutes the air was filled with smoke and thunder.

The jackies on Sampson's ships, which destroyed Cervera's fleet gave a vociferous welcome.

The scene was unutterably inspiring.

PROGRAM WILL REMAIN THE SAME

The Early Coming of Dewey Will Not Change Plans.

The program of the celebration proper will not be altered in any important particular by the early arrival of Admiral Dewey. Preparations for New York's big welcome to Admiral Dewey go on with renewed vigor. Not that there is much left for the various committees to plan, for nearly every important point in the whole program has been attended to.

The reception committee announced that thirteen governors of states would be present as guests of the city. They are as follows: Gov. Roosevelt, Gov. Tamm of Delaware, Gov. Rollins of New Hampshire, Gov. Voorhees of New Jersey, Gov. Russell of North Carolina, Gov. Bushnell of Ohio, Gov. Stone of Pennsylvania, Gov. Dyer of Rhode Island, Gov. McMillan of Tennessee, Gov. Wells of Utah, Gov. Smith of Vermont, Gov. Atkinson of West Virginia and Gov. Richards of Wyoming.

Gov. Roosevelt will extend an official welcome to Admiral Dewey Thursday on behalf of the state.

WASHINGTON WELCOME ARRANGED.

Admiral Dewey to Arrive at the Capital on Oct. 2.

Washington, Sept. 27.—The special train from New York, bearing Admiral Dewey to this city, will arrive at 6:50 p. m. on Oct. 2. The naval hero will be escorted to the white house by the Third cavalry. Here he will receive his official welcome from President McKinley and will report to Secretary Long. The other members of the cabinet will also be present to grasp the hand of the hero of Manila. The party will then enter the reviewing stand, which has been modeled from the plans of the bridge of the Olympia, and will witness the great illuminated night parade, in which 20,000 men will participate.

The military escort to the capitol on the following day will be a glittering pageant, and will number nearly every official of the army and navy. About 6,000 men will participate, and Gen. Nelson A. Miles will act as grand marshal, with Gen. H. C. Corbin as adjutant-general. The presentation of the \$10,000 sword voted by congress promises to be a brilliant occasion. The stand upon which the exercises will be held has been erected at the east front of the capitol and fronts upon a great plaza, which will accommodate over 300,000 people.

When the sword has been presented by Secretary Long, Commander George W. Baird, U. S. N., will present the admiral with the historic old admiral's flag which was used by Admiral Paragut while on the Hartford. After the exercises at the east front of the capitol the military escort will be reviewed by Admiral Dewey, the president, and members of the cabinet.

As soon as the Dewey ceremonies in New York are over, Admiral Dewey will be formally detached from the Olympia. The flag ship will then proceed to Boston, where she will be placed out of commission and receive an extensive overhauling.

Admiral Dewey will not be assigned to any duty until he has been consulted on the subject.

The admiral will have as much leave as he desires, but it is believed that he

will not accept any of the many invitations of American cities to attend demonstrations in his honor between the celebration of the Washington commission and the meeting of the Philippine commission.

Montpelier Rejoices.

Montpelier, Vt., Sept. 27.—The arrival of Admiral Dewey on the Olympia at New York was bulletined here early Tuesday morning shortly after the news was received. Bells were rung, whistles blown, and hundreds of cannon crackers were exploded. The celebration was resumed after noon and kept up in the evening. It is entirely informal in character, but everybody is rejoicing. The principal enthusiasm in this city will be kept well bottled until the admiral reaches Montpelier.

Savateon Bells for Dewey.

Newport, R. I., Sept. 27.—The arrival of Admiral Dewey was known to the citizens of Newport by the striking of seventeen blows on the fire alarm, and soon flags were thrown to the breeze from all flagpoles. At night the torpedo-boat flotilla at the torpedo station sailed for New York to participate in the Dewey day parade on Friday.

M'VEAGH BEGINS ARGUMENT TODAY

APPEARS BEFORE ATTORNEY GENERAL GRIGGS.

In Behalf of Captain Carter, Convicted By Courtmartial of Irregularities While a Government Engineer At Charleston—Asks For Regular and Judicial Proceedings.

Washington, Sept. 27.—[Special].—Wayne MacVeagh's argument in behalf of Captain Carter, convicted by courtmartial of irregularities, while a government engineer at Charleston, was begun this morning before Attorney General Griggs.

He said a courtmartial was organized to convict. He asked that Carter be given a hearing before a court where the proceeding might be regular and judicial. He also made specific references to the Dreyfus case.

He repeatedly denied that the verdict against Carter was concurred in by all the members of the court.

FORECAST OF WEATHER

Chicago, Sept. 27.—[Special].—Forecast for Wisconsin:

Generally fair, tonight, and Thursday warmer.

AT MARY KIMBALL MISSION

Old Fashioned Prayer and Testimony Meeting Tonight.

An old fashioned prayer and testimony meeting will be held at the Mary Kimball Mission this evening, commencing promptly at 7:30 o'clock. The meeting will be held by City Missionary Mary Kimball, who has returned from South Wayne, where she has been preaching and gave an address on city missionary work.

The Term of Life.

Recent inquiries in England have led to the preparation of tables showing the "full term of life" for man, and other mammals, based upon the theory that there is a fixed ratio between the period required to reach maturity and the total length of life. Accident, disease and so forth, have to be eliminated from the calculation. According to these tables, only one animal exceeds man in its full life term, namely, the elephant. For man the theory makes the average term about 90 years, and for the elephant something over 100 years. Next to man, in longevity, come the camel and the Arabian horse, whose term of life is about 42 years.

Automatic Salt Factory.

Lima (Peru). Cor. Chicago Record: About 100 miles north of Lima, near the town of Huacho, is one of the great curiosities of nature—a salt factory on an automatic plan. When the tide comes in it fills a lot of shallow basins, and the water is prevented from flowing back into the sea by closing the gates. The atmosphere is so dry that the water evaporates rapidly and leaves a sediment of salt in an almost pure state, which is scraped up, packed into sacks and shipped to market. Within the coast a little farther the percolation of sea water through the porous rocks into pits and hollows has caused immense deposits of salt to accumulate. The salt is taken out in blocks six or eight inches square and sold in that form. As soon as the salt is excavated the water comes in again and in a year or two has solidified and is ready for the market.

A Tartar Method of Cure.

Abbe Huc, the renowned French explorer and missionary, says that when a Tartar doctor finds himself without his drugs and medicines he is not in the least embarrassed. He writes the names of the needed drugs on slips of paper, and these, being rolled up in little balls, are swallowed by the sick man. "To swallow the name of a remedy, or the remedy itself," says the Tartar, "come to the same thing."

A PRESENTATION TO MRS. SCOFIELD

LIFE-SIZE PAINTING OF THE GOVERNOR GIVEN HER.

James Peterson, An Oshkosh Liveryman Killed At Omro—Oshkosh Bride Knocks Down a Photographer On Her Wedding Day—Capitol Employee Killed At Madison.

Madison, Wis., Sept. 27.—An oil life-size portrait of Gov. Scofield was presented to Mrs. Scofield yesterday by the employees of the capitol. The presentation was made by a committee of the employees, consisting of George W. Smith of Madison, who a few hours later was fatally injured, and Andrew McFadden of Oconto, an old employee of Gov. Scofield. The portrait was completed several months ago and was temporarily hung in the gallery of the State Historical society till the money was all raised to pay for it. The presentation was informal.

The manner in which Smith received the injuries, which it is feared are fatal, was peculiarly distressing. He was standing outside the gallery railing just over the speaker's desk in the assembly chamber, tying a flag in place for the veterans' campfire Wednesday, when the string broke, and he fell backward to the floor, a distance of twelve feet, striking on the back of his head. He is sixty years of age.

"Andy" O'Dea Gets a Place.

Madison, Wis., Sept. 27.—"Andy" O'Dea, the big coach for the university crew, will for the present university year be one of the instructors in the gymnasium. He was elected to the gymnasium staff at a salary of \$1,000 a year. His duties will be in general gymnasium work, especially swimming. His contract with the Athletic association provides that his salary as instructor shall apply on his salary as coach. Regent Fethers of Janesville, last night declared that the regents were not paying O'Dea's salary as coach, but employing him as a regular instructor. As long as his duties as instructor were properly performed, Mr. Fethers said there could be no objection to O'Dea's coaching the crew.

Dr. C. M. Harrison of Milwaukee, was elected professor of machine design, to succeed Prof. F. C. Jones, resigned. The board received the resignation of Chief Justice Cassoday of the supreme court from the law faculty, but no action was taken. Justice Cassoday is a lecturer.

Bride Gets Into Trouble

Oshkosh, Wis., Sept. 27.—A warrant was issued yesterday for Mrs. Frances Rank and will be served as soon as she returns from her wedding trip. She was married yesterday morning, and she and her husband went to a gallery to have their picture taken. The photographer demanded a cash deposit, and the bride, feeling insulted, it is said, swung in on his jaw and knocked him down.

Oshkosh Liveryman Killed

Omro, Wis., Sept. 27.—James Peterson, a local livery stable keeper, was killed at Omro last evening. With a party of three Oshkosh men, Fred Schild, Tony Scheuer and George Miller, he was driving home. Turning over for a team the rig tipped over and Peterson's neck was broken. The others were unhurt. Peterson had been a resident here many years.

Wisconsin Pensions Granted.

Washington, D. C., Sept. 27.—Original—Jymam A. Dewitt, Avoca, \$6; Renewal—Johann Kersting, Milwaukee, \$12; Increase—Marcus L. Weeks, Beaver Dam, \$6 to \$8; Edward L. Kent, Blaine, \$16 to \$17; Pitt Simons, Green Bay, \$6 to \$10; Adam Ebert, Amherst, \$10 to \$12; Samuel W. Van Dervan, Clintonville, \$10 to \$12; Timothy P. Eldridge, Alma Center, \$22 to \$30; John Jordan, Amherst Junction, \$8 to \$10. Reissue and increase—George Schmidt, Kewaskum, \$6 to \$10.

Trial of Stoleker Murder Case

Grandon, Wis., Sept. 27.—The special term of circuit court was opened yesterday by Judge Goodland. The only important case to be tried is against E. D. Stoleker, charged with having murdered his cousin, Melton Stoleker, at North Grandon last December.

No One Held Responsible.

Racine, Wis., Sept. 27.—An inquest was held yesterday in the case of Charles Seitz, the farmer killed by a Milwaukee, Racine & Kenosha car last week. No one was censured. Mr. Seitz was a resident of Oak Creek, Milwaukee county, and not of Racine county as first supposed.

Extraordinary Forest.

The most extraordinary forest in the world was discovered by Dr. Welwitsch, and occupies a tableland some six miles in width, near the west coast of Africa. The peculiarity of the trees is that, though their trunks are as much as four feet thick, they attain the height only of a foot. No tree bears more than two leaves, and these attain a length of six and a breadth of two feet.

Very Deserving.

A poor widow with seven children advertised in a New York paper for a temporary loan of \$50. She must have been a very deserving old lady, for she announced her willingness to "permit the money-lender to keep the children as security."—New York Letter.

BELOIT DEATH HAS BAFFLED OFFICERS

THINK DENNIS QUINN WAS FOULY DEALT WITH.

Body Picked Up Near Junction of North western and St. Paul Tracks South of City—Foul Play Is Suspected—Sketch of Mrs. Lusena Dear born.

Beloit, Wis., Sept. 27.—[Special].—The authorities are greatly at loss to understand the cause of the death of Dennis Quinn. Early last evening the mutilated body of the young man was found at the junction of the Chicago & Northwestern and Chicago, Milwaukee & St. Paul tracks, a short distance south of the city. His neck and hip were broken and above the eye a deep gash was cut. The marks bear evidences of foul play, though there is a variance of opinion. Quinn's clothing was soaked with water, which indicates that it might have been possible that he fell in the river, or creek. The fact that his clothing could be in this condition, while the body lay on high ground, is a mystery that his friends cannot account for and one that the authorities are trying their best to solve. Monday the young man informed an officer that he was greatly in fear of an attack by some one, but gave no name. Taking all in all, there appears to be sufficient ground for the foul play theory, though it is not known that he had an enemy. Quinn was well known and was soon to have been married. He was an employee in the Foster shoe factory and had the confidence and respect of his employers. He was a brother of William Quinn, a well known contractor.

A coroner's jury was summoned and after viewing the remains retired for deliberation. They finished at 12:30 o'clock this afternoon and returned a verdict that deceased had met his death "through causes unknown to the jury."

A Resident Sixty-One Years.

Mrs. Lusena Cheney Dearborn, who passed away at Beloit, yesterday, a short account of which appeared in last night's Gazette, was eighty three years old. She had resided in Beloit for sixty-one years, with her father, Israel Cheney, a sturdy pioneer who moved from Lumberburg, Vt., to cast his lot in the wilderness of Wisconsin. The journey was made in wagons, excepting such part as was possible to travel by boat on the lakes. Mrs. Dearborn was one of the four girls whom Dr. D. K. Pearsons, the college friend, mentions as being the persons who turned his attention to Beloit. The prairie schooner in which the party was traveling stopped at Mr. Pearsons' home in Vermont and he was informed that Beloit was their destination and he ever after kept Beloit in his mind.

Mrs. Dearborn looked out in her declining years over the entire early history of this city and community. Her home was one of the first built here. Mrs. Dearborn was the first female school teacher in Beloit and was one of the original three to organize the first Methodist class meeting in Beloit over fifty years ago. She was a member of the Presbyterian church. Only one daughter of a family of six children survives.

The Tug-Fog-Dispeller.

A piece of apparatus known as the Tug-Fog-Dispeller has recently been devised to assist in the navigation of vessels when there is an intense fog. It consists of a pipe eight feet in length and three inches inside diameter, flaring at the mouth, located near the navigating officer. By means of a blower a strong stream of warm air is sent through the pipe and acts to blow a hole through the fog. It is claimed that the moisture is condensed and falls in rain drops, so that the navigator is able to see through several hundred feet of the densest fog.

Horse That Weighed 3,000 Pounds.

The weight of the heaviest horse ever known was 3,000 pounds. This Clydesdale horse was exhibited at New York in 1889. It was twenty and one-half hands high, and although only five years old, measured forty-five inches round the stifle or knee joint, ninety-five inches girth, thirty-four and one-half inches round the hip and eleven feet four inches in length. It was of perfect proportions, with a head thirty-six inches in length.

Mohammedan Women Medical Patients.

On those rare occasions when the aid of the European physician is sought for a female member of any Mohammedan family of distinction, the only part of the patient which the doctor is permitted to see is the hand, which is thrust for that purpose through a small opening in a curtain. This has had the effect of making medical men able to give fairly respectable diagnoses based upon the sight of the hand alone.

Druggists in Japan.

Japanese pharmacists must be over 20 years old, pass the pharmacy examination and pay a license fee of \$147. They can prepare medicines only on a physician's prescription, stating name and age of patient, directions, quantity, etc. Prescriptions must be signed by the druggist and kept ten years.

AN EARLY MORNING ALARM

Lard Becomes Ignited at Gehrke's Bakery—No Damage.

An alarm of fire at 2:40 o'clock this morning from box No. 28, located at the east side engine house, called the department to the bakery of Paul F. Gehrke, No. 19 North Main street, where a good sized blaze had started. A large kettle full of boiling lard had become overturned on the stove and ignited, the flames soon communicating with the adjacent woodwork. Mr. Gehrke was present at the time and with great presence of mind smothered the flames with a bundle of bags which were near at hand. In the meantime one of the bakers turned in an alarm, but when the department arrived they found nothing to do but return to their stations. The damage to the building was nominal.

At the Itab.

"It's queer about Boston men." "What is it?" "Why, even a single man in Boston can be called 'hubby.'"—Philadelphia Bulletin.

FORCES ATTACKING PUERTO CABALLA

REVOLUTIONISTS ATTEMPT TO TAKE THE SEA PORT.

Try to Gain Possession. In Order to Obtain Munitions of War and Secure Recognition to Their Belligerency Thereby—Preparations to Recapture Valencia.

Caracas, Venezuela, Sept. 27.—[Special].—Revolutionary forces today are attacking Puerto Caballa. The revolutionists are trying to gain possession of the port in order that they may obtain munitions of war and secure recognition to their belligerency thereby. Government troops are making preparations to recapture Valencia, which recently fell into the hands of the revolutionists.

Guzman Alvarez, president of the state of Barcelona, has revolted.

RETURNS FROM CRUISE

Admiral Howison Arrives Unexpectedly at New York on Cruiser Chicago.

New York, Sept. 27.—[Special].—Admiral Howison arrived unexpectedly on the cruiser Chicago this morning from a cruise along the African and South American coast lines. Howison, now out of the country, was not expected until the Dewey celebration was over.

IS LABELED "DREYFUS"

Quantities of Baggage Arrive at Southampton For Trans-shipment to London.

Southampton, Sept. 27.—[Special].—Large quantities of baggage from Carpentras, France, labeled "Dreyfus," arrived here this morning for transshipment to London.

An Important Personage.

"Did you ever hear of St. Dunstan?" asked the man who was chewing his lead pencil. "St. Dunstan?" answered the friend. "Certainly. What was there so remarkable about him?" "What was there remarkable about St. Dunstan? Why, great Scott, man, don't you know that his name is the only thing in the English language that furnishes a rhyme for 'Funston'?"

Coats to Fit Hunchbacks.

A curious illustration of the advance of the cutter's art is shown nowadays in the making of clothes for hunchback men. Forty years ago, as middle-aged persons can recall, the coat of a hunchback man was likely to fall more or less loosely from him, while now his coat is made to fit him as far as fits goes, as well as any man's. While the tailor overcomes many ordinary defects of man in fashioning his clothes, he cannot, of course, overcome this one, but he can cut garments that will make the least of it, and will fit the wearer with the same appearance of trimness as that which characterizes every garment designed with care; and that is what he does.

Catching Turtles with Suckers.

A curious mode of catching turtles is practiced in the West Indies. It consists in attaching a ring and a line to the tail of a species of sucker fish, which is then thrown overboard and immediately makes for the first turtle he can spy, to which he attaches himself firmly by means of a sucking apparatus arranged on the top of his head. The fisherman then hauls both turtle and sucking fish in.

Village of Colored People.

Oberton is a village in the Choctaw Nation, Indian Territory, of about 500 inhabitants, all of whom are colored. The postmaster is a colored man, the notary public is colored, and there is a colored marshal. The town has not yet been incorporated, but likely will be soon, at which time the entire set of officers will be colored. There is considerable business enterprise among some of the people of the neighborhood, which comprises a circle of fifteen miles.

CECIL J. RHODES CERTAIN OF WAR

South African Statesman's Views.

PREDICTS CLASH BETWEEN ENGLAND AND TRANSVAAL.

Says That If a Frontier Row Alone Is Needed to Start a Conflict, It Can Be Easily Arranged—British Residents in the Country Districts Are Drilling. Constantly—Leorthodi, Head of the Basutos Tribe, Stands By Great Britain—Warriors—Seek Revenge On Boers.

Cape Town, Sept. 27.—[Special].—Leorthodi, head chief of the Basutos tribe, under British protection, put a picture of Queen Victoria in a kraal and announced to his people: "She is our Mother; when she fights we fight, too." Probably ten thousand Basuto warriors well armed have been seeking revenge on the Boers.

These are plain evidences of unrest among the Guikwas and Matabele tribes.

Cecil Rhodes is now confident of war between England and the Transvaal. He said here that if a frontier row alone was needed to start a conflict, it can be easily arranged.

The British residents in the country districts are drilling constantly.

London, Sept. 27.—There is a rumor, which cannot be confirmed, that the burghers of the Orange Free State have fired on the British police patrol at Kimberley.

A Pretoria telegram asserts positively that the Transvaal government has definitely decided to reply to the last dispatches of Great Britain. It has been asserted heretofore that the Transvaal officials would not reply to Secretary Chamberlain's dispatches.

It is stated that there is feverish activity in the government departments at Pretoria. The war department is completing active measures for defense. Couriers are being sent to outlying towns that cannot be reached by telegraph.

Boer States May Unite.

London, Sept. 27.—There remains one more diplomatic move on the part of the Boers, which may yet checkmate the warlike policy of the British government. This is the consolidation of two republics, or rather the annexation of the Transvaal to the Orange Free State.

The British demands in regard to the suffrage could then be conceded without any danger. The real object of these demands—namely, that the foreign element should obtain political control of the Transvaal—could not then be accomplished.

The second part of the plan is said to be that President Kruger of the Transvaal shall resign in favor of President Steyn of the Orange Free State. It is understood that Kruger is willing to do this, although he would decline to give place to Commanding-General and Vice President Joubert.

It is this scheme, according to the best information from Boer sources, which has occupied the attention of the volksraad of the Orange Free State in its mysterious secret session for the last four days.

Gen. Buller Will Sail on Oct. 7.

It is announced that Lieut. Gen. Sir Redvers Buller, who has been selected to command the British troops in South Africa, will depart for Cape Town Oct. 7.

Flock to Kruger's Standard.

Cape Town, Sept. 27.—The Transvaal Jews, Danes, Swedes, Germans, French, Belgians and Irish have held meetings and passed resolutions, declaring they will support the republic.

War is regarded as inevitable unless Great Britain recedes on the franchise question.

Christian Scientists Increase Most Rapidly.

Late statistics showing the strength of the Christian science movement are now available. The mother church in Boston has a membership of about 15,000. It has 304 chartered branches in this country and abroad, and the total church membership is placed at 70,000. The regular church attendance is upward of 300,000. In 1897 the increase in number of churches was 44, and in 1898, 75. This church is growing more rapidly than any church in the world. Its percentage of gain is very large.

Remarkable Escape from Death.

D. W. Krider of Wharton, Ohio, a member of the Third regular artillery, who was shot twenty-six times in the Filipino outbreak in February, and who received the most terrible wounds in the Manila campaign, still survives. He was shot at 1:30 o'clock in the afternoon, and because he was thought to have been killed, was not treated by the surgeon until 9 o'clock that night. His escape from death on the field is one of the most remarkable on record.

VISIT TO EMERALD ISLE

A Pleasant Journey
From Ardrossan,
Scotland, to
Belfast, Ireland.

SECOND CITY IN
POPULATION
BUT FIRST IN
IMPORTANCE.

BY WILL. W. WATT.

From Ardrossan, Scotland, to Belfast, Ireland, you are obliged to cross the Irish sea which takes between four and five hours time. The fare is one dollar for the single trip. The boats that cross this sea are first class and have good accommodations and are strictly Irish from stern to bow. An orchestra of four pieces was discoursing (?) sweet Irish tunes as I boarded one of these crafts and even the boat was painted green. During the journey you are within sight of land.

As the steamer pulls into Belfast the first queer sight that greets you, are the numerous two-wheeled Irish jaunting carts that are ready to convey you to any part of the city for the sum of twenty-five cents. For your baggage they charge you extra. These queer looking vehicles are drawn by one horse and the driver sits in front, while you occupy a seat on the side. The greater portion of these jaunting cart drivers are old men and one glance is sufficient to convince you that they are born inhabitants of the Emerald Isle. But aside from these carts you will see little else in Belfast that looks odd. Instead you will find a metropolitan city with parks, wide streets, and modern business blocks. The stranger who visits Belfast for the first time, cannot fail to observe the signs of prosperity that everywhere meet the eye.

Unlike so many towns in Ireland, Belfast does not lay claim to a very remote origin. Its record is simply one of industrial progress, dating back no further than the beginning of the present century. It is the most important city in Ireland and is today considered to be one of the most progressive in all the British Empire. Belfast has a population of three hundred thousand and is fast growing. Ballymacarrett, a suburb, alone has a population of eighty thousand. The greater portion of the streets are seventy-five feet wide and are paved with stone and are lighted with both gas and electric light. But it is the great steel and iron ship building yards of Harland & Wolff that the residents of the city point to with pride. They are among the largest in the world and give daily employment to twelve thousand men. In 1858 this firm carried on their business with a force of less than one hundred men and a yard comprising less than two acres of space. The yards now occupy eighty acres and the firm pays a weekly wage average of sixty thousand dollars. When I went to the main office and made application for a pass admitting me to the yards, the manager said that such a request could not be granted. In explaining to me why he could not issue me a pass he said: "It is merely a rule that we have made and it is for one and all. Here is given employment to about twelve thousand men and boys. Now we figure that every time a stranger walks through the different shops he cannot help but attract the attention of the workmen, each of whom will waste at least one minute in gazing about before he again settles down to work. Now that means twelve thousand minutes wasted, which is equal, at the rate of eight working hours a day, a waste of just twenty-five days' time for one man. So you see we pay one man nearly a month's salary for doing nothing, and just for the sake of allowing you to go through the works. We have no secrets to guard in the manufacture of our boats. It is purely business." After the smoke had cleared away I informed him that I was an American newspaper correspondent, and before we parted he invited me to come around at 2 o'clock that afternoon and my request would be granted. I was there at the appointed hour, and the two hours' time I spent in walking through the different shops and yards well repaid me for the trouble involved. The launching of a twelve-thousand-ton freight boat took place while I was there, and the sight was a most novel one. It was in these yards that the Oceanic, the largest boat in the world, was launched but a few weeks ago. The famous Teutonic and Majestic of the White Star line, were also constructed here.

Ship-building in Belfast is not confined to one yard. There is another firm that gives employment to three thousand people. The wages paid by these two

ship building firms support thirty thousand people.

Who has not heard of Belfast linen? The number of hands given employment in the linen factories are estimated at five thousand. What is known as the York street flax-spinning mill, is one of the great sights of Belfast, for here four thousand men and women are given work. The works contain fifty-seven thousand spindles and one thousand looms, driven by engines aggregating two thousand six hundred horse power. The capital stock of the company is three million dollars.

Belfast also has the largest rope manufacturing mill in the world. The works cover twenty acres of ground, in a number of long one-story buildings, full of the best machinery of every kind, driven by ten powerful engines. Employment is given to nearly 3,000 men and boys. The office force numbers one hundred. Immense whisky distilleries and tobacco factories are also located in this progressive Irish city.

Because Belfast is in Ireland, you should not get the idea that only Irish men reside there. Instead, you will find large numbers of Englishmen and Scotchmen engaged in business, while many Americans have business interests here. One-half the police force are Scotchmen. Numerous costly Presbyterian and Methodist churches occupy prominent locations in the city.

From Belfast you can make the journey to Dublin, either by rail, or boat, the distance being about 150 miles. Although Dublin is the capital of Ireland, it is not the important city that Belfast is. The buildings in the business section of Dublin will average a height of three stories and are constructed of stone and brick. Trams, driven by electricity, encircle the city and for twenty-five cents you can hire a jaunting cart for an hour. For four persons the fare is no more expensive than it is for one. The one topic of conversation in all the cities of Ireland that I visited is over the coming boat race in New York harbor between the Shamrock and Columbia. The women even talk of it and in all the store windows you will see pictures of the two boats. Sir Thomas Lipton, the owner of the Shamrock, is an Irishman and is a wealthy tea and coffee merchant, who has made his fortune in the past few years. It is plain to be seen that if the Shamrock does not win the cup this year, all Ireland, Scotland and England will be mourning. On the other hand, if the Shamrock does win, Sir Thomas Lipton and his crew will find on their return home a reception awaiting them, second only to the one to be given Admiral Dewey by the American people.

WITH GRAPHOPHONE GRAND

A Fair Sized Audience Listened to Concert Last Night.

The audience at Myers Grand opera house was highly entertained for ninety minutes last evening, enjoying the concert given by ex-Alderman William H. Jones' Graphophone Grand. In the construction of this machine, the manufacturers have certainly reached the height of perfection. The audience listened in amazement to the wonderful reproductions of the human voice as well as other selections. Several new and up-to-date records were used. Every selection could be distinctly heard in all parts of the opera house. Mr. Jones has in all sixty-one records, which, he says, is sufficient for two evening's entertainment. While the audience was not as large as the entertainment merited, it was, nevertheless, an appreciative one.

PLEASANT WEST PORTER SURPRISE

Misses Mae and Maude Pierce Entertain a Number of Friends.

West Porter, September 27—Last Wednesday being Mae and Maude Pierce's birthday, a number of their friends wishing to help them celebrate it, gathered at their home that evening. Both were very much surprised and also pleased. A very pleasant evening was spent in playing progressive cinch, after which a bountiful supper was served and it was a late hour when the guests departed for their several homes. A silver spoon was left to each of the girls as a token of remembrance from their friends for the eventful day. There were about seventy in attendance at the dance at Porter Band hall last Friday evening, although it was a stormy night. Leaver's orchestra furnished the music. Dell and Have Danks were guests of relatives over Sunday. Miss Luella Conroy spent Sunday at Mr. and Mrs. F. J. Pierce's. Mrs. W. E. Davis and Miss Lillie Emerson were visitors at W. M. Tolles, last Thursday. After a vacation of several days, Jesse Earle has returned to Janesville. Thomas Byrne has a cousin from Philadelphia, visiting him. Mrs. Geo. Keylock visited relatives in Brooklyn a few days of last week. Hubert Keylock of Attica, was the guest of relatives, recently. Miss Mae Conroy of Janesville, came up last Wednesday night, to attend Mae and Maude Pierce's birthday party, returning Thursday morning.

SCHUYLKILL coal is 90 per cent. pure. Costs no more than inferior grades. F. A. Taylor & Co.

SATURDAY NIGHT AT GRAND

The Mirth-Producing Farce Comedy, "Two Married Men."

George R. Edson's new farce comedy, "Two Married Men," will be the attraction at Myers Grand next Saturday evening. In the company are S. S. Simpson, Ray Southard, Donald J. Clark, Jack Elliott, Joe Harkins, Alex Henry, Walter Messenger, Lila Linden, Kittie Ridgeway, Healy sisters, Anna Houck, Janet Cleveland, May Towne, Edith Lysle and Mattie Westcourt.

In making up his company for this season, Mr. Edson has selected a company of players peculiarly adapted to farce comedy, sweet singers, clever dancers, and withal a company of comedians seldom equalled in a traveling company.

"A Stranger in New York."

What promises to be one of the principal comedy events of the current season is the coming of Hoyt's latest comedy success, "A Stranger in New York." This prolific American playwright is so well established that he has an enthusiastic following among the theatre goers of both continents, as he seems to appreciate exactly what the public wants in the way of amusement. When a Hoyt company is announced for presentation, local theatre goers have learned from past experience that this playwright will offer something new and entertaining. Vocationally, the company which comes to the Myers Grand opera house Saturday, October 7, for matinee and evening performance, is said to be the best and strongest that Messrs. Hoyt & McKee have ever sent upon the road, and the occasion is said to be a most enjoyable one.

TO GIVE A SERIES OF SOCIALS

First Occurred at Christ Church Parish House Last Evening.

A large number of the members of Christ church parish participated in a delightful social function at the parish house last evening. It was such a social and financial success that similar socials will take place from time to time during the coming winter. At 6 o'clock a dainty spread was served in the Sunday school room, to which all did ample justice. The ladies in charge did themselves proud and prepared a feast fit for a king. After the appetites of all had been appeased a social dance was enjoyed in the hall upstairs, the inspiration for which was furnished by Tuckwood's orchestra of four pieces.

EVENTS FOR THIS EVENING

THE Royal Neighbors of America will meet at West Side Odd Fellows' hall.

REGULAR meeting of Wisconsin Lodge No. 14, Independent Order Odd Fellows, at East Side Odd Fellows' hall.

REGULAR meeting of Janesville Chapter No. 69, O. E. S., at 7:30 o'clock. A good attendance is desired.

WEEKLY meeting of Christian Scientists, at Columbia hall.

New Head of Washburn College. Crawfordville, Ind., Sept. 27.—The trustees of Washburn college Tuesday elected a successor to Dr. George Stockton Burroughs, who resigned the presidency in June because of opposition to his policy and administration. The trustees' unanimous vote was cast for Dr. William P. Kane of Evanston, Ill., the president of the Winona assembly. Dr. Kane will accept the position and begin his duties Oct. 1.

Unquestionably the best for the club, cafe or family board. "BLATZ" possesses an individual goodness that is appreciated by those who enjoy good living—not essentially epicures or connoisseurs. Shall we send you a case? N. B. Robinson & Co., Wholesale Dealers, VALBLATZ BREWING CO.-MILWAUKEE

DOES IT PAY TO

RAISE LIVE STOCK

"CONSTANT READER AND OLD FARMER" SAYS IT DOES.

Quotes Statistics to Show That the Animal Industries of the Nation Have Fallen Off the Past Ten Years—Recommends Discontinuing Tobacco Raising.

Why is it the greatest nation upon this earth, the United States of America, a nation which has grown great and become the largest meat-eating nation, allows her animal industries to falter until within the last ten years there has been a falling off of more than twenty-five per cent. in that branch of wealth bestowing industry?

Those who have read recent reports from our secretary of agriculture will be able to give an intelligent reply to the above questions. He says, "Hard times forced people to economize by using less meat. The result was a smaller demand for live stock, with a lowering of prices, and this led stock raisers to grow fewer animals. Incidentally Secretary Wilson remarks that meat eaters rule the world. If Englishmen were fed on potatoes for a few generations and Irishmen on meat, the capital of the British empire would be transferred from London to Dublin."

In the secretary's report he shows us that prosperity is with us again and the wage earner is now getting wages which enables him to eat meat and with that increase of demand together with the gradual falling off of meat producing animals, which began about the same time the hard times began to pinch people's pocketbooks, gives us the rise in steaks, chops and all varieties of meats. He then submits the table below:

	Cattle.	Sheep.	Swine.
1890	36,849,024	44,336,072	51,602,780
1901	36,875,648	43,437,130	50,625,105
1902	37,054,230	39,038,305	52,308,019
1903	35,954,130	37,273,553	45,394,507
1904	36,608,106	45,048,017	45,206,435
1905	34,364,216	42,394,664	44,165,796
1906	32,088,469	38,298,788	42,842,789
1907	30,558,408	36,818,643	40,600,270
1908	29,282,197	37,850,990	39,759,993
1909	27,914,225	39,114,422	38,655,651

This shows a statement by the division of statistics, that the number of cattle, sheep and swine on January 1st for ten years past. Thus, it is made plain that during ten years, cattle have decreased nearly twenty-seven per cent.; sheep about sixteen per cent.; and swine, since the high-water mark in 1892, have fallen off more than twenty-six per cent. It may be possible that a small per cent. of the falling off of meat consumers may be credited to the rapid growth of vegetarians; for all that time such a large percentage of falling off of our meat-producing animals, we must recollect that our population has been steadily on the increase, and the various clubs, societies, etc., which have come into existence to propagate the vegetarian principles may have had something to do in bringing about less consumption of meat. Nevertheless, had stockmen and farmers throughout our corn producing belt been on the alert to discern the signs of the times a few years ago, when prices ruled so low for meat products, every one of them would now have more or less fat cattle, sheep and swine to turn into ready cash. In my humble opinion, had every owner, or renter of lands in Rock county, devoted the same

Gray Hairs Can be Deferred

Premature gray hairs usually are the effects of carelessness. If the scalp is kept free of dandruff and properly nourished and strengthened, gray hairs would be unusual before the age of forty or forty-five. There is no remedy in existence that will restore color to gray hairs; but the

Seven Sutherland Sisters'

Hair Grower and Scalp Cleaner, if applied according to directions contained in each package, will positively defer gray hairs and restore complete their appearance. There are today thousands of American men and women who have revived the dying energies of their hair through the faithful use of these simple and natural remedies. Sold by leading dealers.

DEWEY NOT A POLITICIAN.

No Office in the Gift of the People
Can Tempt Him.

WILL LIVE AND DIE A SAILOR.

Humors of His Becoming a Candidate
for the Presidency Are Forever Set at
Rest—His Opinion of the Conduct of
Affairs in the Philippines.

New York, Sept. 27.—In an interview on board the Olympia Tuesday it was suggested to the admiral that the democratic slate for the next national election had been selected with him for the presidency and Gen. Wheeler for the vice-presidency.

"Well," said the admiral, "we should make a pretty mess of it. Gen. Wheeler, of course, has some training in the political school, but then he is a West Pointer. I had forgotten that. He would want to run everything as he would a regiment, and, of course, would make a splendid mess of it. You cannot run a government as you would a regiment."

"Well, admiral," was suggested, "it would not be such a change from the ship Olympia to the ship of state."

"Yes," said the admiral, "it would be a very great change. I am not a politician. I am a sailor, and my training has been all that way. I am at home on board my ship. I know my business, or at least should know it, and I do not want to mix up in the affairs of government. I am perfectly satisfied to live and die a simple sailor, who tried to do his duty. I am not a politician. I cannot make a speech even. I wish I could, but I have to be content with my lot."

In speaking of his men the admiral said: "They are a splendid lot, the very pick, the finest in our navy, and that means the best in the world."

The admiral sent an orderly for the picture of the Philippine general Luna, who was "murdered by order of Aguinaldo," as he said. Admiral Dewey said that Luna was the best man the Filipinos had. "It was a plot," he said, "to assassinate him. A crack swordsman was placed as sentry, and when Luna appeared he simply stabbed him. But all these fellows are a queer lot. They were simply servants and stablemen and Aguinaldo was a junior clerk in the navy yard. He is a pretty smart fellow. I know him pretty well. In fact, we were great friends and are, but he has not the brains. There are people behind him, some of them lawyers and able fellows, who make a fool of Aguinaldo."

"I thought," said the admiral, "that this thing in the Philippines would be over long before this, as it should have been. I can't imagine how they have stood out until now. Of course there was the rainy season, and I suppose little was done. One great trouble out there has been that Gen. Otis has tried to do too much. I told him so. He wants to be general, governor, judge and everything else, to have hold of all the irons. No man can do this. It is enough for a man to do one thing, to be one thing, but when a man tries to do everything and be everything it is easy to imagine the result."

"I think that Otis made another mistake in the censorship. So strict a censorship was not necessary. Why, Otis had so strict a censorship as to exclude any favorable mention of the navy." The admiral quietly smiled. "Yes, I taxed him with it and he did not deny it. For the newspaper men the censorship was absurdly strict. I never had any trouble with the newspaper men. I told them we had one common interest, and from that time there never was a single thing sent out of Manila that I could object to. As far as my experience goes I have found American newspaper men not only the most enterprising, but the most accurate of any in the world. It was not until I reached Europe that I was misquoted."

"The fight in the Philippines should be easily ended. The people had been so badly treated for such a length of time by the Spaniards that they are distrustful. This is the great difficulty in dealing with them. Where we have met them and they have been in such contact with us as to learn that we mean to treat them well; where they have seen that we mean what we say, there is no trouble. They stand by us all the time. All of them will learn this in time. They will get from under the influence of Aguinaldo, or, rather, those people who are behind Aguinaldo, who, as I said before, is a mere tool."

"Do I think that the Filipinos are fit for self-government? Well, no; not just now. They probably will be in a little time. They are a very queer people—a very queer mixture. Many of them are quite civilized and good people, but I do not think that they are fit for self-government just yet. But when I say that I must add at the same time that it is my candid opinion that they are more fitted for it than the Cubans; that they are a better people than the Cubans in every way. I do wish, however, that the whole business was settled, and I think that after a little the Filipinos will take kindly to us."

The admiral would not say a word about the alleged interference of the German Admiral Diederich at Manila.

Dixes a Precedent in Bankruptcy.

Dubuque, Iowa, Sept. 27.—Judge Shiras has established a precedent in bankruptcy law. He held that one member of a firm can file a petition and have other members declared bankrupt if good and sufficient cause is given. If the party alleged to be bankrupt does not contest then the prayer of the petitioner will be granted.

DOES IT PAY TO RAISE STOCK?

Continued From page 2.

amount of money, time and muscular energy and common sense and intellect in raising meat-products during the last twenty five years as has been used in the cultivation of the health destroying weed, we call tobacco, the bank accounts of old Rock county farmers would show a far better surplus than they now do, and the average boy or girl would show a better trained mind.

To prove such assertions, one only needs to take a trip and spend a day investigating how dairymen farmers, living within fifty miles of Chicago, can keep an average of one good milk cow to an acre of land by the well built and properly operated silo, and that an average well built silo, constructed upon a common sense plan, need not cost more money on an average than a well built tobacco shed. No owner of forty, eighty or more acres of land in Rock county need jump from their present methods of farming into the dairy business at one jump, but if all such managers of farms will study and investigate, it will not take long to decide that as rapidly as convenient, it will pay them better dividends to work into cattle, horses, sheep and swine raising and the poultry business should not be overlooked, for a well regulated poultry plant can easily be made to pay as good or better profits as tobacco, and the risks are no greater, if as great, for all agricultural crops grown none are more precarious from the planting of the tiny seeds until the school children can return from the stripping rooms back to take up the interrupted, or broken threads of their snatched off vacations from their school work when the weather brings the filthy weed into 'case.'

Think of these things, ye upon whose shoulders must fall the load of perpetuating a government of, by and for the people, and learn if possible the lessons of handing down a posterity of citizens who shall be freed from the blighting disease of ignorance, caused by raising the soil robbing tobacco weeds.

CONSTANT READER AND OLD FARMER.

EARTHQUAKE KILLS HUNDREDS.

Darjeeling District of India Devastated by Floods and Landslides.

Calcutta, Sept. 27.—A succession of earthquake shocks at Darjeeling, one of the principal summer resorts, situated about twenty-four hours by rail from this city, have caused great loss of life and immense damage to property.

Nine European children are reported to have been killed. It is known that many European children had been sent to the hills for the hot season, and the loss of life among them may be still greater.

The earthquake shocks were followed by a remarkable rainfall and some terrible landslides. Twenty-eight inches of rain fell in thirty-eight hours.

At Phool a bazar was overwhelmed and 200 persons, mostly natives, were killed. Twenty-one bodies have already been recovered at Tamsong, in the district of Bustee. At Darjeeling 100 persons perished.

Martial Law in Havana.

Havana, Sept. 27.—"There will not be a general strike in Havana," said Gen. Ludlow Tuesday. "I have sufficient assurances to satisfy me on this point." To all intents and purposes the city is under martial law. The civil authorities will do their utmost to co-operate and will do nothing to embarrass the military governor. Senior Rivera declares that if it devolved upon him to settle the dispute he would not have to use force.

Sawmill Is Blown Up.

Auburn, Ind., Sept. 27.—The band sawmill at this place was blown up Tuesday morning when steam was turned on for the day's work, resulting in the death of Wallace Shurt and fatally injuring the engineer, William Richmond, and Fred Gual. George Keester had a leg broken, and Andrew Wolf was badly cut in the face.

Hope Dewey Will Give Advice.

Hongkong, Sept. 27.—The Americans here are celebrating Admiral Dewey's arrival in New York. It is hoped that the admiral will advise the president as to the exact condition of affairs at Manila. It is believed here that three months of active operations will end the war and open the ports to the commerce of the world.

C. J. Linderman Dead.

Springfield, Ill., Sept. 27.—C. J. Linderman of Chicago, a member of the board of agriculture, representing the Fifth district, died at the Leland hotel at 1:20 o'clock this morning. He was seized with an attack of bowel trouble at 2 o'clock yesterday morning and sank rapidly until death came.

Bryan Asks to Speak in Kentucky.

Owensboro, Ky., Sept. 27.—National Democratic Committeeman Urey Woodson has received a telegram from W. J. Bryan asking that appointments to speak for the Goebel ticket be made for him for Oct. 16, 17 and 18.

Kansas Troops Are at Tokyo.

Tokyo, Sept. 27.—The United States transport Tartar, having on board the Twentieth Kansas volunteers and Gen. Funston, arrived at Tokyo Tuesday with all on board well. It will reach San Francisco Oct. 8.

Macveagh to Speak Today.

Washington, Sept. 27.—Wayne Macveagh will make his argument for Capt. Carter before Attorney-General Griggs today. Mr. Macveagh said his argument would only occupy a day.

WANTED—Wiping rage at Gazette press room.

In the Shop

Women, who have leisure find it hard to combat the ills to which all women are subject, but the shop-girl must suffer and suffer, and keep on working.

Is it any wonder they break down under the strain?

Mrs. Anthony Sutter, Crestline, Ohio, writes:

"It would be hard to explain to you my condition before using your Vegetable Compound. I was a great sufferer of kidney trouble and headache. On rising in the morning I was always tired and sleepy, and never felt like doing my work. Since taking the Compound I feel like a new woman. I sleep well at night, and can work all day without that tired feeling. I have advised some of my friends to try it, and we all feel thankful for the benefit we have derived from its use. May God bless you for the good you are doing the poor, suffering women."

Mrs. Pinkham is surely the working-girl's friend, and many thousands of them have been helped by her counsel. Her address is Lynn, Mass. Don't put off writing until your health is wrecked. Ask for her help at the first indication of trouble.

Miss Rose Helden, 126 W. Cleveland Ave., Canton, Ohio, writes:

"DEAR MRS. PINKHAM—Four years ago I had almost given up hope of ever being well again. I was afflicted with those dreadful headache spells which would sometimes last three or four days. Also had backache, bearing-down pains, leucorrhoea, dizziness, and terrible pains at monthly periods confining me to my bed. After reading so many testimonials for your medicine, I concluded to try it. I began to pick up after taking the first bottle, and have continued to gain rapidly, and now feel like a different woman. I can recommend Lydia E. Pinkham's Vegetable Compound in highest terms to all sick women."

Miss C. D. Morris, 3 Louisburg Square, Boston, Mass., writes:

"DEAR MRS. PINKHAM—I have been using Lydia E. Pinkham's Vegetable Compound and it has helped me wonderfully. I was troubled with headache, backache and that weak and tired feeling. I cannot say enough in praise of your medicine for it has done me so much good. I shall recommend it to all my friends who suffer."

The lives of working-girls are important lives. To continue at work without proper treatment is heroic but it is wrong and results in complete loss of usefulness. Mrs. Pinkham's help can be had for the asking, and her advice will tell you how to keep well and strong.

"I Am So Glad That I Wrote to You."

"DEAR MRS. PINKHAM—I want to thank you for what you have done for me. When I wrote to you last June, I was almost a total wreck from female weakness. I was troubled with irregular and painful menstruation, leucorrhoea, bearing-down pains, soreness, and swelling of abdomen; pain at right and left of womb; headache, backache, nervousness, and could neither eat or sleep well. Since taking Lydia E. Pinkham's Vegetable Compound, Liver Pills, and using your Sanative Wash, I do not feel like the same person. I am so glad I wrote to you, for you have helped me very much."—Mrs. Carrie Phillips, Anna, Ill.

More Than a Million Women Have Been Helped by Mrs. Pinkham's Advice and Medicine.

BORT, BAILEY & CO.

Special Sale of Curtains.

THIS DAY IN HISTORY.

1106—Battle of Tinchebray, defeat and capture of Robert, duke of Normandy, eldest son of William, the Conqueror; his brother, King Henry I, put out his eyes and kept him in prison till death.
 1722—Samuel Adams, patriot, born in Boston, died there 1803.
 1783—Don Augustin Iturbide, Mexican emperor, born near Mexico; executed 1824.
 1809—Raphael Semmes, Confederate admiral, commander of the notorious cruiser Alabama, born in Charles City, Md.; died in Mobile 1877.
 1830—General William Babcock Hazen, Union soldier, born in West Hartford, Ct.; died 1887.
 1890—General Abram Duryea, commander of Duryea's zouaves, died in New York; born 1815.
 1895—Professor Louis Pasteur, of Darnmouth, noted scholar in French and German, died at Stanover; born 1822.
 1897—Hon. George M. Robeson, secretary of the navy under Grant, died at Trenton; born 1831.

A conference of the Illinois German Lutheran ministers has decided that it is sinful to carry life insurance. According to dispatches, they hold that money and goods can be rightly obtained in only three ways—by work, by gift or by inheritance. Money secured by life insurance is the result of good luck or a species of a game of chance; that life insurance is against the first commandment, because it takes a man's trust off God and places it on the insurance company; that it is against the seventh commandment, because by it the beneficiary gets something not paid for, therefore stolen; that it is against the ninth commandment, because the person who invests in life insurance is taught to covet something not his own.

Oshkosh Northwestern—The fact that anti-war advocates were egged in London calls to mind the vocabulary hurled at President McKinley when the jingoes of this country wanted to avenge the Maine. And now those howlers who wanted war so badly have got such a fill of it they are whining the other way.

And we may also be pardoned, perhaps, for calling attention to the fact that Admiral Dewey could not so time his arrival as to be able to dodge the Scripps-McRae Press Association. Hence Gazette readers had the news some hours before it would otherwise have reached them.

Schley's fool friends are still keeping up their clatter, and unless the admiral heads them off, he will soon find himself enjoying the unenviable reputation of being a "chronic kicker." Schley is all right, but he should not delay the launching of his fool killer.

If Dewey had his way he would probably prefer to go ashore, get his dinner, buy a paper, smoke a cigar, go and "call on the folks," and return to his ship. The fates have decreed otherwise, however, and the penalty to greatness must be paid.

Admiral Dewey gave New York a great surprise by arriving two days ahead of time, but New York soon recovered, and gave him a rousing greeting.

The opposition papers are now attacking Governor Roosevelt's Ohio speech, but up to date they haven't succeeded in making any holes in it.

Now that Dewey has arrived at New York, Chief Hogan should certainly replace the brass buttons on that coat.

The American people never shirked a duty, nor retired in the face of the enemy. P. S.—And they never will.

The battleship Kearsarge appears to be a second Oregon, and an honor to her honored name.

"Dewey did it," but when he arrived in New York, he probably "wished he hadn't."

Dewey "is the man of the hour,"—and he selects the hour himself.

Perhaps Edward Atkinson wants the contractorist nomination for president.

WANTED, LOST, ETC.

\$40 Per month and expenses paid good men for looking after Mrs. George's property to the Protective Nurseries, Geneva, N. Y.

An English Cobbler.

The New Voice tells of the good work accomplished by John Pounds, an English cobbler. His heart was filled with pity for the ragged children, whom ministers and magistrates, ladies and gentlemen were leaving to run wild in the streets. He pondered over their situation until he began gathering in the outcasts, and trying to train them up in virtue and knowledge. He taught them to read, and write, and with no thought of fame or recompense, single-handed, earning his bread meanwhile by toiling at the cobbler's bench, he saved five hundred children, who became useful citizens. He was sometimes seen hunting down a ragged urchin on the quays of Portsmouth, compelling him to attend school, not by the power of a policeman, but by the temptation of a potato. He knew the love of an Irish boy for that delicacy, and was often seen running beside an unwilling lad, holding a hot potato under his nose—the boy's temper nearly as hot as the potato. It was this work, undertaken by a man poor even to rags, that inspired the greater work of Thomas Guthrie, founder of the Ragged Schools of Edinburgh.

Moderate Weather Warmers...

Puritan Oil Heaters

are easy to light, give great heat; are simple to re-wick; have heavy brass oil reservoirs; hold a gallon of oil; are economical and give a great amount of heat; they are light and clean and can be carried about easily. The best oil heater on the market.

Ideal Milk Stands All Tests

The point brought up at a "Council" meeting some little time since, regarding the inspection of city milk, would, if enforced, find Ideal Aseptic Jersey Milk ready for any test. It is cooled and bottled in the most approved manner, bottles are scalded and thoroughly rinsed and each bottle fitted with clean, new, wood pulp corks. It will keep well and is perfectly pure. When cream forms on milk and becomes stringy it is impure. Ideal Milk forms perfect cream.

IDEAL DAIRY.

J. F. Bemis. Order of G. A. Thompson Phone 207.

FOR SALE.

 If you wish anything in city or Co. Come and see me. Will do you good. Over China Tea Store.
 N. DEARBORN.

AFTER THE BALL is over, when the winds of early morn are whistling down the boulevards, then is the time when a stimulating glass of Old Underroof Rye is especially a proved off. It calls up to memory tripping feet, flashing eyes, mesmeric spells of youth and beauty and happy hours. It has taken over 30 years' experience in the art of blending whiskey to market Old Underroof. Well has it been said, "all the world loves a winner." With equal terseness it may be affirmed all the world admires a fine whiskey. Hence the wide renown and ever-growing popularity of Old Underroof. Ripened and matured in specially charred oaken barrels.

There are none better than these: Garland, Radiant Home, Peninsular, Round Oak, Riverside, Jewel.

Twenty men are hustling, working as hard as they can day and night. Our business is immense, but never too great to care for your orders. Tin and furnace repair work are our long suits. Our experts clean and repair furnaces in a hurry in the very best manner.

Great line of second hand stoves, Heaters and Cookers.

Open Every Evening.

LOWELL HDW. CO

LOCAL DIVINES AT M. E. CONFERENCE

LEFT FOR WAUKESHA YESTER-
DAY TO ATTEND.

Rev. Webster Miller to Succeed Frank A. Pease as Presiding Elder of the Janesville District—Work Has Been Greatly Simplified This Year.

Rev. Webster Miller will quite likely succeed Rev. Frank A. Pease as presiding elder of the Janesville district. This was practically decided at the Wisconsin Methodist conference, which opened at Waukesha last night, and Rev. Miller will come to this city this fall, when the term of Rev. Pease expires. The latter, together with Revs. W. W. Woodside and Walter A. Hall of this city, is in attendance at the conference, having left for the Spring City yesterday afternoon.

The work of the conference, which opened last night by a sermon by the Rev. Mr. Himebaugh, has been greatly simplified this year, it is stated by a prominent Methodist minister, by the preparation in advance of the list of appointments which are already largely settled upon. The work, it is also said, has extended to the virtual selection of the delegates to the general conference of the church which is to be held in Chicago next year. Of course it is not meant that all appointments have finally been made or that there will be no changes in the assignments as they now stand, simply that the whole field has been gone over so carefully that most of the work has been done, and the final lists can be quickly made up. As matters now stand, with the approval of the bishop still to be secured, the presiding elders will be assigned as follows: Appleton District—J. B. Carmer. Fond du Lac District—A. J. Benjamin.

Janesville District—Webster Miller. Milwaukee District—R. C. Janus. Oshkosh District—Andrew Porter. The changes in the list of presiding elders are in the Janesville and Fond du Lac districts.

There are other applicants for the vacancy in the Janesville district, but it is believed that the selection will be made as announced. Vacancies on the Board of Presiding Elders are filled by appointment on the suggestion of the prominent ministers of the conference and it is understood that a sufficient support has been secured to ensure the naming of the elders as given.

Two names, it is believed, have been decided upon as delegates to the general conference, the Rev. A. J. Benjamin of St. Paul's church, Green Bay, and the Rev. J. E. Farmer, presiding elder of the Appleton district.

The lay delegates will include W. H. Stevens of Milwaukee, and Willis W. Cooper of Kenosha.

There are nearly forty applicants for the ministry and their examinations were held yesterday. Under the Methodist system applicants take four examinations each and in the above number there are several who took the first one.

WEATHER AND CROP BULLETIN

Potato Crop Very Satisfactory—Corn Yield is Very Good

The average temperature for the week ranged from fifty degrees along the northern border to 58 degrees over the southern counties and was about 5 degrees cooler than last week. Frosts have been general over the northern and central portions of the state, and were severe on the morning of the 25th. Injury to crops from this source has not been serious, and has been confined to small areas.

The rains have been confined principally to the southern portion of the state, and were heaviest over the extreme southeastern counties, while over the northern districts there has not been sufficient moisture to materially affect the condition of the land, and fall ploughing is being delayed in some localities.

The week has been very favorable for the completion of corn cutting, and some farmers have commenced husking. This crop as a whole has been very satisfactory, and while there has been some complaint of damage by drought in some sections, the general opinion seems to be that this crop is a very good one.

Digging potatoes is progressing rapidly and crop is generally satisfactory, having come through the season with no more damage from various sources than might reasonably have been expected. The cranberry picking season closed, and the yield is satisfactory both as to quantity and quality. Preparations for plantings are in progress, and will continue until ground freezes.

JANESVILLE MARKET PRICES

Quotations on Grain and Produce Are Reported for The Gazette.

The following figures show the range of prices in the local market. Corrected by P. H. Bump.

Flour—Retail at 90c @ \$1.05 per sack.

If you need a sideboard and will call at W. H. Ashcraft's furniture store, you will surely buy one, as I have a very nice line, from \$10 up.

MENU FOR THURSDAY

The soul's light is the star that burns for ever in the heart of illimitable space.

BREAKFAST.
Porridge, Fruit.
Stewed Codfish, Bacon.
Rice Cakes, Coffee.

LUNCHEON.
Jellied Tongue.
Lettuce Sandwiches, Cottage Cheese.
Potato Salad.
Tom.

DINNER.
Bean Soup.
Cold Roast of Beef, Horse Radish Sauce.
Grape Jelly, Cheese, Calery.
Biscuits, Coffee.

JELLED TONGUE.—Take a cold tongue, two ounces of gelatin dissolved in two gills of water, one teaspoon of brown veal gravy, one pint of liquor the tongue was cooked in, one tablespoon of sugar, one of burnt sugar, one gill of vinegar and one pint of boiling water. Put together the gravy, liquor, sugar, vinegar and the tablespoon of burnt sugar dissolved in cold water. Add the dissolved gelatin and mix well. Then add the boiling water and strain through a flannel. Cut the tongue in thin slices as for the table. Let the jelly cool and begin to thicken. Wet a mold with cold water. Put a little jelly into the bottom, then a layer of tongue and so on in alternate layers till all is used. Set the mold well covered in a cold place. To turn it out dip the mold in hot water for an instant and invert it on a dish. Garnish with celery sprigs and mushrooms if desired, whenever possible. Cut with a thin, sharp knife perpendicularly. This is a great favorite for high teas, wedding and tennis parties, and besides the sweets may constitute the chief savory dish for a small party.

He can be found at the People's Drug Co., and will treat patients at their residence or place of business by appointment, if desired. His charges are reasonable.

JANESVILLE LADIES ENTERTAIN TODAY

FIRST RECEPTION OF THE
OPENING WINTER SEASON.

Given This Afternoon By Mesdames F. S. Eldred, A. H. Sheldon and S. M. Smith At the Home of the First Named—Rooms of the Home Beautifully Decorated.

What bids fair to be one of the prettiest receptions of the opening winter season is being given this afternoon by Mesdames F. S. Eldred, A. H. Sheldon and S. M. Smith at the home of the first named, No. 202 South Jackson street. About four hundred and fifty invitations were issued for the event, and the ladies began to arrive in large numbers shortly after 2 o'clock and continued to accept the hospitality of the hostesses during the entire afternoon. The rooms of the house were tastefully decorated with late autumn flowers, vines and oak boughs and the effect was very pleasing. A pretty idea in the decorations was the adornment of the several rooms on the first floor in different colors. In the front parlor the flowers were yellow, and the sunnch combined effectively with large boughs bearing beautiful oak leaves, while an abundance of palms made a pretty background. The decorations of the back parlor consisted of woodbine, red mountain ash berries, and bitter-sweet vine, while the spacious fireplace was banked with an abundance of red salvia. The prevailing color of the main dining room, was yellow, and roses of this hue were massed in the fireplace, and other flowers adorned the walls and windows. The second dining room was prettily decorated in pink. The Orpheus mandolin club of four pieces were stationed at the top of the hall stairs, and rendered some delightful music during the afternoon. The members were at their best and their numbers were greatly enjoyed.

The favors given out were pink and yellow, and harmonized well with the decorations. Mrs. Louise Bowerman was caterer for the occasion and performed the duties of the position in her usual capable manner. The dining tables were faultlessly waited upon by Misses Josephine Farnsworth, May Atwood, Genevieve Wilson, Edith Echlin, Alma Gelling and Annie Shearer. The perfection of all the arrangements and the congeniality of the participants made the affair a most delightful social event, and it was certainly one which reflects great credit upon the trio of ladies who gave it.

TO THE UNKNOWN BEYOND.
Conrad Schumacher.
Conrad Schumacher, a former resident of this city, passed away yesterday morning at his home in Rockford, after an illness of five weeks of inflammation of the brain.

Mr. Schumacher was born at Mannheim, in southern Germany, fifty-seven years ago. He came to Janesville twenty-four years ago, residing here six years, and eighteen years ago removed to Illinois and during the past twelve years has made Rockford his home. He had for years been in the employ of John McDermid in that city, as a cooper, and was an honest, straightforward man, liked by all who knew him.

While a resident of this city he was a member of the Odd Fellows, but the lodge to which he belonged disbanded. Mr. Schumacher was twice married and is survived by his second wife. By his first wife three children are living: William, Kate and Arthur, while Elsie is the result of the second union.

The remains will be brought to this city over the Milwaukee road Friday morning for interment. All friends who wish to view the remains can do so at the cemetery.

Miss Mary Conroy.
At 4 o'clock this morning, Miss Mary Conroy of 209 South River street, passed into the shadows of the unknown beyond, after an illness of eight months with consumption, aged twenty-two years. She leaves to mourn her loss a mother, two brothers, Thomas and Patrick, and a sister, Kittie, all of whom have the sympathy of their many friends in their great bereavement.

The funeral services will be held Friday morning at 9 o'clock from St. Mary's church. Interment will be in Mount Olivet cemetery.

Clarence Arthur Hankey.
Clarence Arthur Hankey, infant son of Mr. and Mrs. Albert Hankey of 125 Glen street, passed peacefully away this morning, of stomach trouble, at the age of one month and four days. The afflicted parents have the sympathy of a large circle of friends in their great sorrow. The funeral will be held tomorrow afternoon at 3 o'clock, from the house.

Curious Bird Habits.
It is a well-known fact, says a writer in the Pall Mall Magazine, that if the young of almost any kind of a bird are taken from the nest before they can fly, the old ones will feed them most attentively if the case in which the little birds are enclosed is placed somewhere where the parents can reach it; and a popular belief is current that they do for a time, and end by poisoning the young ones. This, however, is a mistake, the fact being that at a certain stage of a young bird's existence, when it is naturally able to begin catering for itself, the parent birds, also quite naturally, cease to attend it, and then, if the birdlings are shut up in the cage and their custodian has not thought of placing some food at their disposal, they necessarily die, not from poison administered by the parents, but from starvation.

NEWS OF A PERSONAL NATURE

S. B. HEDDLER transacted business in Clinton yesterday.

A. P. LOVEJOY returned last evening from a trip to Chicago.

M. O. MOTAR transacted legal business in Edgerton today.

W. T. VAN KILK left for Chicago this morning on a business trip.

We have made arrangements with a creamery in Illinois to ship us fancy creamery butter in tubs. It is very choice and we are retailing it at 23c a pound. This is a saving of 2c per pound to you on butter at present market price. Dedrick Bros.

A Friday Sale.
Remnants of dress goods; remnants of silk. J. M. Bostwick & Sons.

Starting a Pen Farm.
"What kind of a pen is that you are writing with, papa?" asked Bob. "It's a quill. It is made from the feather of a goose," said papa. The boy thought a minute, and then he said: "Say, papa, buy me a goose, and I'll start a pen farm."

A Remnant Sale.
Dress goods remnants; silk remnants, the 29th, Friday. J. M. Bostwick & Sons.

How Open the Safe.
A wealthy but absent-minded resident of McPherson, Kas., recently bought a safe in which to keep his valuables, and being unable to remember the combination, scribbled it on the plastering of a near-by wall. Subsequently he ordered a calculator to put a new coat on the wall. The memorandum was obliterated, and it became necessary to have the safe blown open.

HELEN SERVATIUS.

A BOLD ROBBERY AT DURAND, LAST NIGHT

FORMER JANESVILLE MAN THE
VICTIM OF OPERATIONS.

Large Sum of Money Taken From the Citizens Bank—Proprietor Is Hugh M. Schorb, Who Until Recently Resided In This City—Details Rather Meager.

Burglars did a daring piece of work at Durand, Ill., last night, and a former Janesville man was the victim of their operations. The details of the affair are rather meager at present, but enough is known to show that the robbery was a bold one, as the Citizens bank was entered and a large sum of money stolen. The proprietor of the bank is Hugh M. Schorb, who until a short time ago ran a saloon in this city at No. 27 North Main street, a few doors north of the east side engine house. He sold out his business here and moved to Durand several weeks ago and engaged in the banking business, where he is said to have been quite successful.

The amount secured by the thieves is not known, as for some reason Durand could not be reached, by telephone this morning. Chief Hogan received a telegram from the marshal of the town advising him of the robbery and saying that the men who did the work left with a horse and buggy and to look out for them. Everything points strongly to the fact that the job was done by the same parties who cracked the safe in Edgerton a short time ago and the officers within a radius of several miles are on the lookout for them.

Marshal George Appleby of Beloit, when telephoned to this afternoon, said he had heard no additional details of the robbery, but was on the watch for the men who did it. Marshal Appleby made a very clever and important capture this morning, however, when he caught two men with a quantity of goods in their possession, which had evidently been stolen. The articles consisted of clothing, shoes, razors, knives and silver. The plunder is supposed to have been taken from Madison and Oregon merchants, and officers at the two places were telegraphed for and went to Beloit this afternoon to identify the articles.

Another Sale.
Friday, the 29th, remnants of dress goods; remnants of silk. J. M. Bostwick & Sons.

Victoria's Presents.
The presents sent to Queen Victoria on her eightieth birthday almost equal those of the last jubilee. The most magnificent came from Indian princes, who have of late sought every opportunity of exhibiting their loyalty. These include many rich specimens of oriental and lacquer work—so many, indeed, as to be almost embarrassing to the officials at Windsor.—New York Post.

New Explosive.
A German has produced a new explosive. It is composed of liquid oxygen, sulphur and carbon. It has to be prepared just before required for use, and must be exploded by means of a detonator. There is consequently no danger in transport or from an outbreak of fire close to the explosive when ready for service.

Favorite Heating Stoves.

THE NEW WAY.

In above Plus Construction there are NINE Surfaces Radiating Heat, increasing the Heating Capacity with the same amount of fuel.

The above bottom Plus construction causes the heat to go to the outer surfaces, thereby increasing the heating capacity and economizing in fuel.

The above diagrams go to show that the "Favorite" base burner has one-third more radiating surface, therefore will use from 25 to 50 per cent. less coal than others.

Die in a Train Wreck.
Auburn, N. Y., Sept. 27.—A head-end collision between a New York Central passenger train and a freight train occurred Tuesday morning at 6 o'clock just west of Old Flat Bottom bridge, about half a mile west of the city, and as a result four persons are dead, one fatally wounded and four seriously injured.

Maier Knocks Out Kennedy.
New York, Sept. 27.—Another "phenom" was exploded at the Lenox Athletic club last night before 5,000 persons. Joe Kennedy, the California heavy-weight, did not last two rounds with Peter Maier. He possessed some skill, but the fearful force of Maier's blows was more than he could combat.

"If" a woman ever gets so "homey" she isn't worth looking at, she'd better take Rocky Mountain Tea. Brings back the bloom of youth. Smith's Pharmacy, kodak agents.

First Freeze of Season.
Marshalltown, Iowa, Sept. 27.—The first freeze of the season came Tuesday night, killing late vegetables. The corn crop is believed to be practically safe, however, except in very late fields.

For a clear skin—clear all the way through, transparent enough to let sunshine, rosy cheeks show through, take Rocky Mountain Tea. Smith's Pharmacy, kodak agents.

Gen. Henry Beth Dend.
Washington, Sept. 27.—Gen. Henry Beth, the confederate chieftain and historian, died at his home in this city at 1:40 o'clock this morning of Bright's disease. The end had been expected hourly for several weeks.

Bad blood and indigestion are deadly enemies to good health. Burdick Blood Bitters destroys them.

A little life may be sacrificed to a sudden attack of croup if you don't have Dr. Thomas' Electric Oil on hand for the emergency.

Scratch, scratch, scratch; unable to attend to business during the day or sleep during the night. Itching piles, horrible plague. Doan's ointment cures. Never fails. At any drug store, 50 cents.

Don't delay a minute. Cholera infantum, dysentery, diarrhoea come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry always on hand.

Good Enough to Take.

The finest quality of loaf sugar is used in the manufacture of Chamberlain's Cough Remedy and the roots used in its preparation give it a flavor similar to that of maple syrup, making it very pleasant to take. As a medicine for the cure of coughs, colds, la grippe, croup and whooping cough it is unequalled by any other. It always cures and cures quickly. For sale by People's Drug Co., corner Main and Milwaukee streets.

The pain of a burn or scald is almost instantly relieved by applying Chamberlain's Pain Balm. It also heals the injured parts more quickly than any other treatment, and without the burn is very severe does not leave a scar. For sale by People's Drug Co., corner Main and Milwaukee streets.

If the Baby Be Cutting Teeth
Be sure and use the old and well tried remedy Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, cures colic, cures the baby's diarrhoea, and keeps the baby healthy. Twenty-five cents a bottle.

Low Rates to Milwaukee via the C. M. & St. P. Ry.

For Exposition, tickets sold at one fare and one-third for the round trip, every Tuesday, Thursday and Saturday, from Sept. 2 to October 7, inclusive, good to return until following Monday.

Chronic Diarrhoea Cured

This is to certify that I have had chronic diarrhoea ever since the war. I got so weak I could hardly walk or do anything. One bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy cured me sound and well.

J. R. Gibbs, Fincastle, Va.
I had chronic diarrhoea for twelve years. Three bottles of Chamberlain's Colic, Cholera and Diarrhoea Remedy cured me.

S. L. Shaver, Fincastle, Va.
Both Mr. Gibbs and Mr. Shaver are prominent farmers and reside near Fincastle, Va. They procured the remedy from Mr. W. E. Casper, a druggist of that place, who is well acquainted with them and will vouch for the truth of their statements. For sale by People's Drug Co., corner Main and Milwaukee streets.

Excursion Rates to Dewey Day Celebration, Washington, D. C.

Via the North-Western Line, from all stations. Excursion tickets to be sold September 29, and 30, and only for trains arriving at Chicago September 30 and October 1. Apply to agents for full particulars.

DRINK GRAIN-O

after you have concluded that you ought not to drink coffee. It is not a medicine, but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grain and has that rich seal brown color and tastes like the finest grades of coffee and costs about as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink. 15 and 25c.
